

SITEMEC ENGINEERING

ENVIRONMENTAL POLICY

Sitemec Engineering understands that care for the environment is an essential part of conducting its business operations.

Sitemec Engineering is committed to continuous improvement in our business operations in order to protect the environment and prevent pollution in accordance with the requirements of the AS/NZS ISO 14001: 2004, our clients, and expectations of the general community.

In applying this Policy, Sitemec Engineering activities shall be controlled by the following principles:

- Sitemec Engineering shall abide by all relevant laws, Acts, regulations and standards.
- Sitemec Engineering shall plan, develop, implement and monitor relevant procedures and standards to minimise any unfavourable environmental impact that may result from our business.
- Our employees shall be encouraged to develop a sense of responsibility for the protection of the environment.
- We will ensure that our employees are informed of our policy and are aware of their environmental responsibilities in relation to the Sitemec Engineering business activities.
- We will ensure that we actively portray the inclusion of regular updates in regards to relevant policies and procedures.

Adrian Wescombe
Managing Director
